A COMPARATIVE STUDY OF RULES AND LAWS

Many High School officials officiate soccer matches using Rules and Laws of soccer organizations and rule-making bodies other than the NFHS. As is to be expected, officials on occasion have some confusion regarding a specific rule or interpretation. For these reasons a study guide is needed for the officials to have easy references to the differences between NFHS, NCAA and FIFA Laws and Rules. Over the past twenty-five years the more significant rules have been brought generally into conformity by the three groups. Nevertheless, there are distinct differences in language and interpretation that still exist and each group has adopted specific rules that are believed to be more appropriate for their players and their ages.

This guide is not an all-inclusive listing of each difference between the sets of Rules and Laws, but rather only lists the more important differences where such differences exist. Many technical and administrative rules such as player eligibility and accumulated cautions do not generally and directly concern the referee but rather the match administrators and have therefore been omitted from this study.

The guide has been designed by the author for easy reference and many officials have carried this guide in their kit or in their cars for quick review prior to a match. It is also useful as a teaching aid for High School entry level and in-service clinics. Changes for the current year are shown in *italics* for easy reference.

The comparisons are in tabular form following the particular topic and are in order of the specific Laws or Rules to which they are relevant except for the listing on page 3 which compares general Topics not referred to in specific Rules or Laws and several miscellaneous topics which are referred to on page 15.

It should be noted that the three sets of Rules and Laws are constantly changing and the different bodies publish their changes at different times of the year. Generally, the FIFA Laws are published in May and take effect the following June. The NCAA Rules are enacted early in the year, but are not normally published until early or mid summer. NFHS rule changes are enacted by their Rules Committee in January of each year and are distributed in late spring or early summer. The NCAA Rule Book is published every other year and was published in 2016. Accordingly, this guide is current only up to the date of its publication and includes all rules changes for the year as presently known by the author. If any errors are noted, it would be appreciated if they are brought to attention of Don Dennison at donsar@comcast.net

NOTE: Modifications for the 2017 season are shown in *italics*.

Interpretations	Play rulings in the Rules book are interpretations approved by the NFHS Soccer Rules Committee. Member state associations of the NFHS independently make decisions regarding compliance with or modification of the playing rules for the student athletes in their respective states. The Rules describe 3 possible systems of mechanics that may be used; the Dual Officiating System, the Diagonal System and the Double-Dual System	Approved Rulings (A,R.) appearing in the Rule book are official decisions of the NCAA. The Secretary Rules Editor can be contacted for interpretations. Generally, it is preferable to first go through the local chapter clinician. The NCAA Rules Book does NOT contain the description of standardized procedures for the allowed System of Mechanics. NISOA describes the Diagonal System of Control (DSC) for its members in other publications.	Decisions of the Int'l F.A. Board are official interpretations. Additional Interpretations in the U.S. can be obtained initially through the State Director of Instruction (SDI). The USSF Advice to Referees and Questions and Answers on the Laws of the Game are also official sources in the U.S. The diagonal system of control (DSC) is described in other FIFA and USSF publications.

Authority Begins and Ends	Begins when referee enters field or surroundings and at least 15 min. prior to start of game and ends when officials leave the field and its immediate surroundings.	Begins when officials arrive at game site. Referee should arrive at least 30 minutes before scheduled game time and authority ends when officials leave the game site after signing the score book.	Begins when officials enter the field area and ends when they leave the area.
Referee Uniform	As set by the State Associations, usually the same shirt as USSF... Black shorts or long trousers, black stockings with white top stripes, <i>predominantly black shoes</i> . In some states, black and white striped shirts are worn. Solid black cap may be worn. Must differ from field players, but not necessarily the goalkeepers.	Gold, orange, blue, green or black in a checked grid pattern. Socks – black with 3 top bands of white, gold, orange, green or blue. All dressed alike. Cap permissible but not commonly worn. Shoes should be mainly black. Except for a watch, Referee should wear no jewelry. Electronic aids and field marking spray are permitted.	USSF – Shirts- Gold, black, red, green or blue, all with thin vertical stripping. Socks – black with three white top bands or solid black with USSF logo. Caps not specified, but generally permitted if conditions warrant in club matches, not usually worn in top level matches.
Whistles and hand signals	Whistle used for kickoff, penalty kicks, and to signal play stoppage such as fouls, injuries, substitutions and to signal restart after substitutions, injuries and time stoppage... Also when a card is given and on encroachment. Discretionary and if needed when ball goes out of play. Signals same as NCAA plus windup motion to start clock.	Whistles, same as NFHS. Other whistles discretionary. The only recognized hand signals are for advantage with verbal "play-on", indirect and direct free kicks, throw-in direction, clock stopped, goal and corner kicks and penalty kicks, all by pointing to the spot and giving direction.	Whistle used for kickoff, penalty kick, restarts and stoppages as necessary. Signals are the same as NCAA except no clock stop signal. <i>May use a single arm signal if necessary for indicating advantage</i> .
Time Keeping	Referee keeps time only by agreement of the coaches or state association- otherwise home team controls clock. Timer counts down last 10 seconds.	Backup to home team clock which is official unless there is a malfunction. Match ends when timekeeper's signal sounds or clock shows 0:00. Timer counts down last 10 seconds to zero.	Referee keeps official time. May allow additional time for time lost.

Footnote to the FIFA Offside Law 11 concerning interpretation of “INTERFERING” and “GAINING AN ADVANTAGE”.

“Interfering with an Opponent” means preventing an opponent from playing or being able to play the ball by clearly obstructing the opponent’s line of vision or movement for challenging an opponent for the ball.

“Gaining an Advantage” by being in an offside position means playing a ball that (1) *rebounds or is deflected* to him off the goal post, crossbar or an opponent; (2) that *rebounds or is deflected* to him from a deliberate save by an opponent; (3) receiving the ball from an opponent who *deliberately* plays the ball such as a miskick or misdirected header (except for a deliberate save), is not considered to have gained an advantage and is not offside.

Additional footnote regarding DOGSO in FIFA Law 12 - In FIFA if offense occurs inside the penalty area, a penalty kick is awarded. A caution is awarded if the foul was an attempt to play the ball. It’s still a red card send-off/ejection for handling, holding, pushing, pulling or violent conduct and serious foul challenges. *This change is also now in place for NCAA.*
